## EDUCATION & TRAINING NEWSLETTER

# UNITED WAY

## *of Northern New York*

Over the past year, United Way of Northern New York has invested in both people and technology to further develop our Education and Training programming. On October 14th, we hosted Introduction to Bridges Out of Poverty training in a NEW hybrid format! Our facilitators were in-person at our studio, while attendees were virtual. Our inaugural program was a huge success! Here's what our facilitators had to say:

**"Your team is great! Thank you for a wonderful experience! Professional staff, great studio capabilities, and wrap-around support including marketing and outreach!"**

## THE STORYTELLING MISSION

Nonprofits are rich with compelling stories, but are often not sure how to share them ethically, impactfully and intentionally.

This workshop will present the types of stories to tell, how to use stories that build board, staff, and donor buy-in, and other techniques that have proven useful to nonprofits throughout the country.

The workshop will be interactive - participants will be encouraged to share a story amongst themselves as well as test out specific tools!
